

CPX™
LED Panel

Standard Panel for Everyday Jobs

CPX™ by Lithonia Lighting® is the perfect choice for a quality LED panel at an affordable price. The smooth, even lens projects a crisp and clean aesthetic. If you need lightning-fast turnaround times, CPX helps you meet high demands & tight deadlines without sacrificing the quality you know and trust from Lithonia Lighting. CPX is the perfect choice for budget-conscious schools, commercial offices, or small retail footprint projects.

Contractor Select™
options for the most popular and readily available configurations

Simple lighting controls
through SensorSwitch™ JOT, a wireless, app-free solution for single room control

Safety first through options available with factory installed emergency battery packs and pre-wired whips

Switchable technology
in select configurations allows for multiple lumen packages and color temperatures in a single CPX panel

Lighting Controls and Switchable Technology

SensorSwitch™ JOT Single Room Control

The SensorSwitch JOT enabled solution provides a wireless, app-free approach to single room lighting control. Absolutely no 0-10V control wires and no mobile apps are needed to install and pair JOT enabled products, allowing for lightning speed installation right out of the box.

Available Switchable Color Temperature & Adjustable Lumens

CPX offers 3 switchable configurations (2'x2', 2'x4', 1'x4') each with adjustable light output (ALO) for three lumen packages in one panel and switchable white (SWW) for three color temperatures in one panel.

- ✓ Distributors stock less SKU's and offer more configurations standard.
- ✓ Contractors have a 9x better chance they have what the customer needs and can make game time decisions on jobsite.
- ✓ Industry-leading LPW and standard high lumen outputs within the ALO/SWW configurations.

Additional Key Features

Benefit to Customer

.70mm Backplate	Meet UL thickness requirements with ease
A12 (Prismatic) Lens Option	Unique aesthetic with fully luminous prismatic lens
UVOLT Configurations	120-347v drivers for Canadian applications
Standard lumen, high lumen	Additional lumen options to fit your needs
High efficacy options	Energy savings that meet DLC Premium standards

A12 - Prismatic Lens

Smooth Satin Lens (standard)

Choose between the standard satin, smooth lens or the A12 prismatic lens for the traditional look of a florescent A12 with the updated appearance of a fully luminous panel.

CPX is part of the LED Panel Portfolio from Lithonia Lighting, along with the CPANL with integrated driver and multiple mounting options and the EPANL, our highly configurable specification-grade panel. We want to make sure the choice is clear for you. If you have questions about which panel is right for you, please visit www.Lithonia.com/Panels
