

TYPE I SAFETY CANS

Protect workers and reduce fire risks when transferring, storing and dispensing flammable liquids

- Self-closing, leakproof lid with nitrile gasket allows pressure relief, automatically venting at 3-5 psi internal pressure to protect against rupture or explosion
- Ergonomic trigger and handle provide a comfortable grip for easy opening and pouring
- 24-gauge hot-dipped galvanized steel is durable and long-lasting
- Vented steel construction won't shrink or swell with temperature changes
- Non-sparking stainless steel flame arrester safeguards against accidental ignition or explosion
- Deep drawn construction with double interlock no-weld bottom seam is 100% leak tested
- FM approved; UL/ULC listed; accepted under CARB; meet OSHA and NFPA requirements

Color-Coded Safety Cans to differentiate liquids

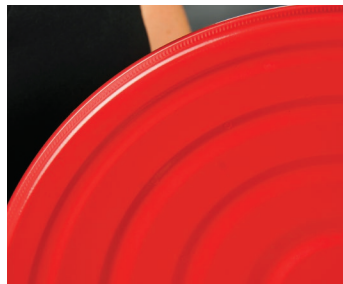

Red = Gas, Yellow = Diesel
Blue = Kerosene, Green = Oil

With US and Imported Parts

Comfortable trigger handle

Leakproof, double-interlock bottom seam

Optional HDPE funnel aids pouring into small openings
